

The Single European Sky (SES) [Performance Review Body \(PRB\)](#) dashboard uses Google Docs belonging to and publicly shared by [eusingleuropeansky](#) Google account to provide

- file download in Excel and Google Spreadsheet format
- graph visualizations

The dashboard HTML pages point to the above mentioned account files hosted on Google Docs. For reference and convenience, these files are also stored in the `data` folder.

The metadata and glossary pages pointed to in the dashboard website are hosted on the [PRU mediawiki](#) and have been converted to a PDF book [Meta-data_and_Glossary.pdf](#).
