The Single European Sky (SES) Performance Review Body (PRB) dashboard uses Google Docs belonging to and publicly shared by `eusingleeuropeansky` Google account to provide

- file download in Excel and Google Spreadsheet format
- graph visualizations

The dashboard HTML pages point to the above mentioned account files hosted on Google Docs. For reference and convenience, these files are also stored in the `data` folder.

The metadata and glossary pages pointed to in the dashboard website are hosted on the PRU mediawiki and have been converted to a PDF book Metadata_ and_Glossary.pdf available in this repository.
